ENTER_ && LEAVE THE DOOR OPEN

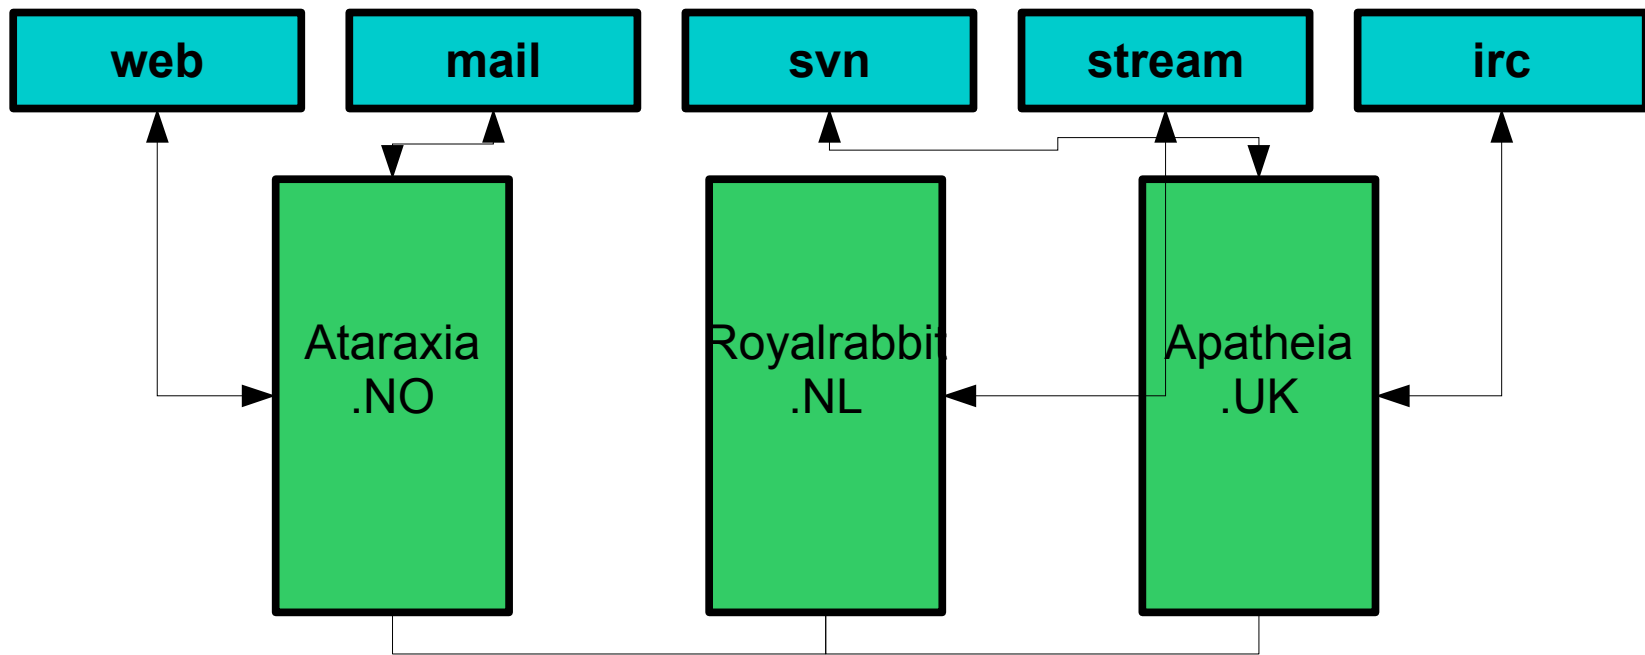

A 5-10 minutes micro attempt to describe
one aspect of open technologies and
social networks

Aymeric Mansoux - <http://goto10.org>

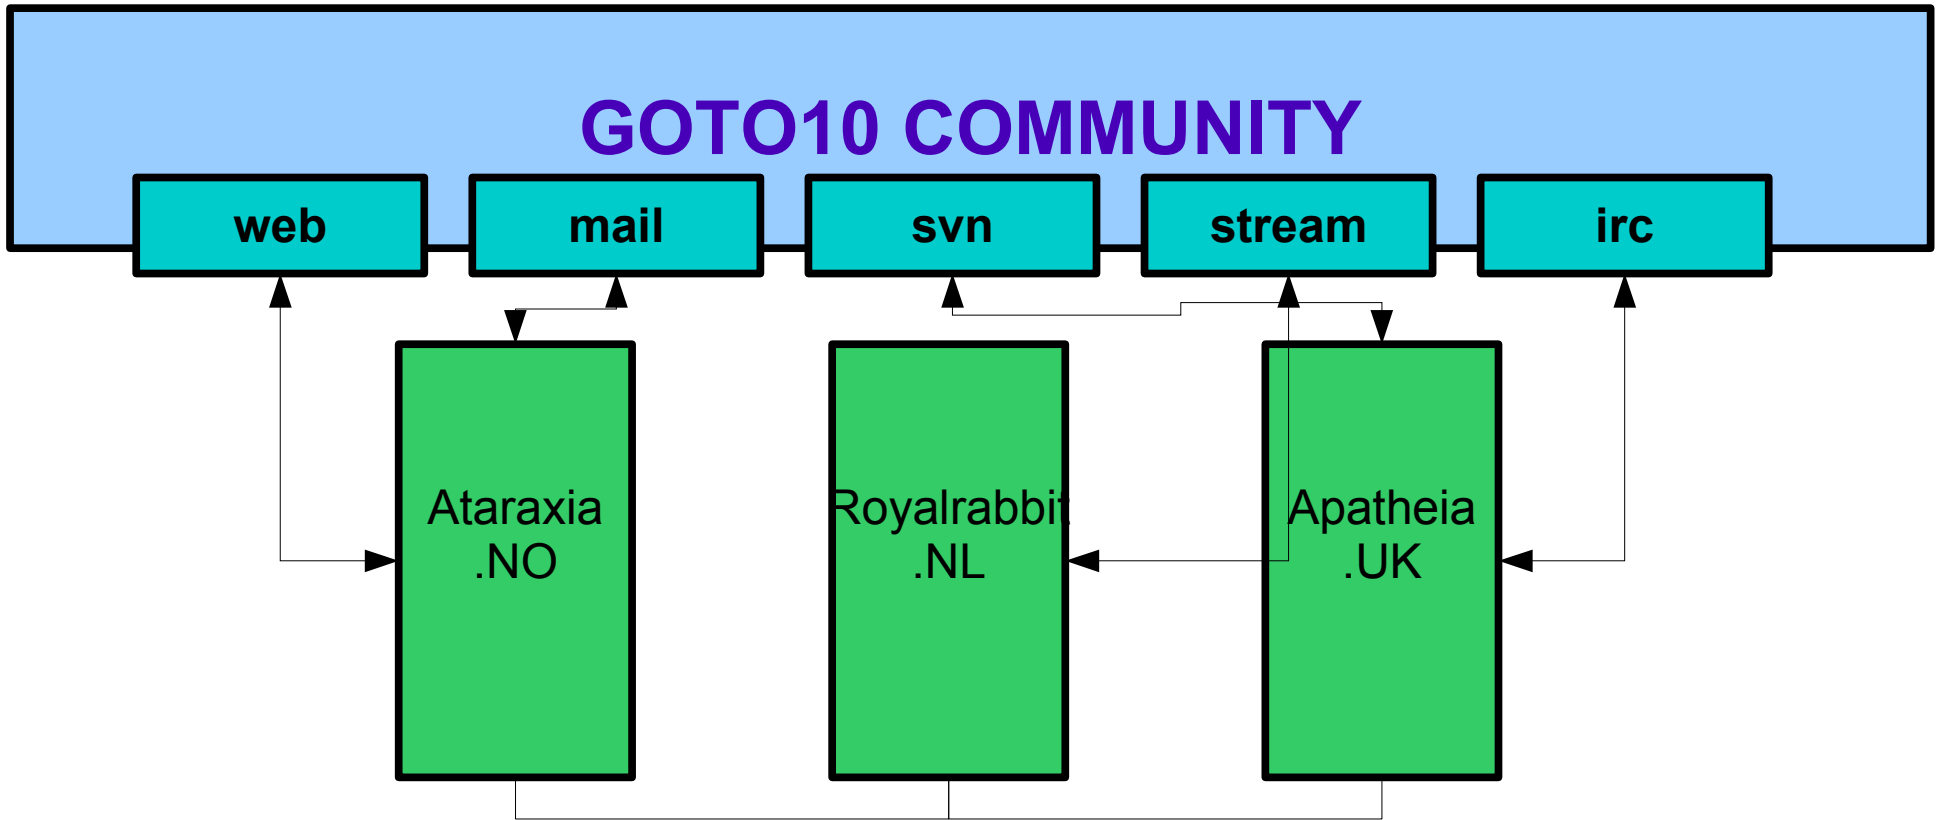

machines

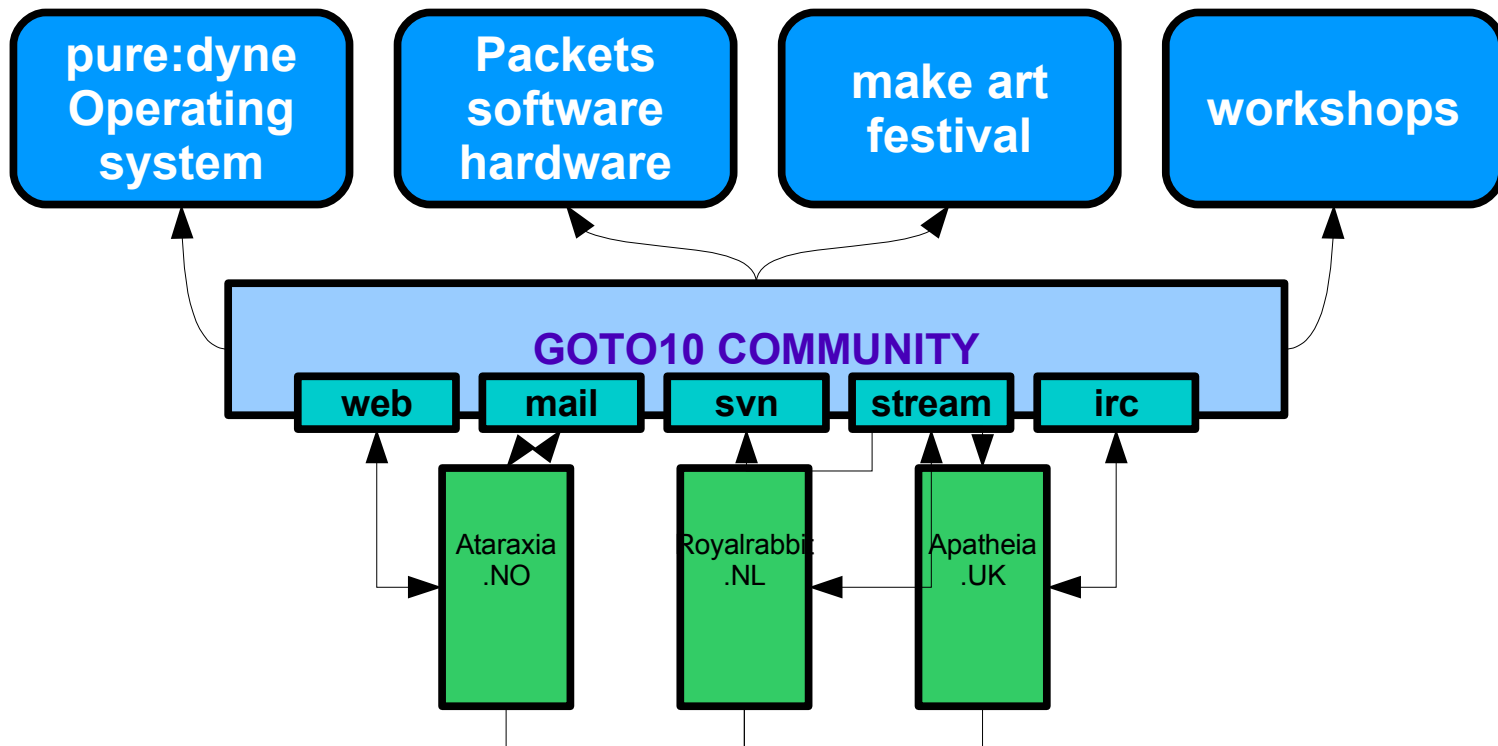

Services

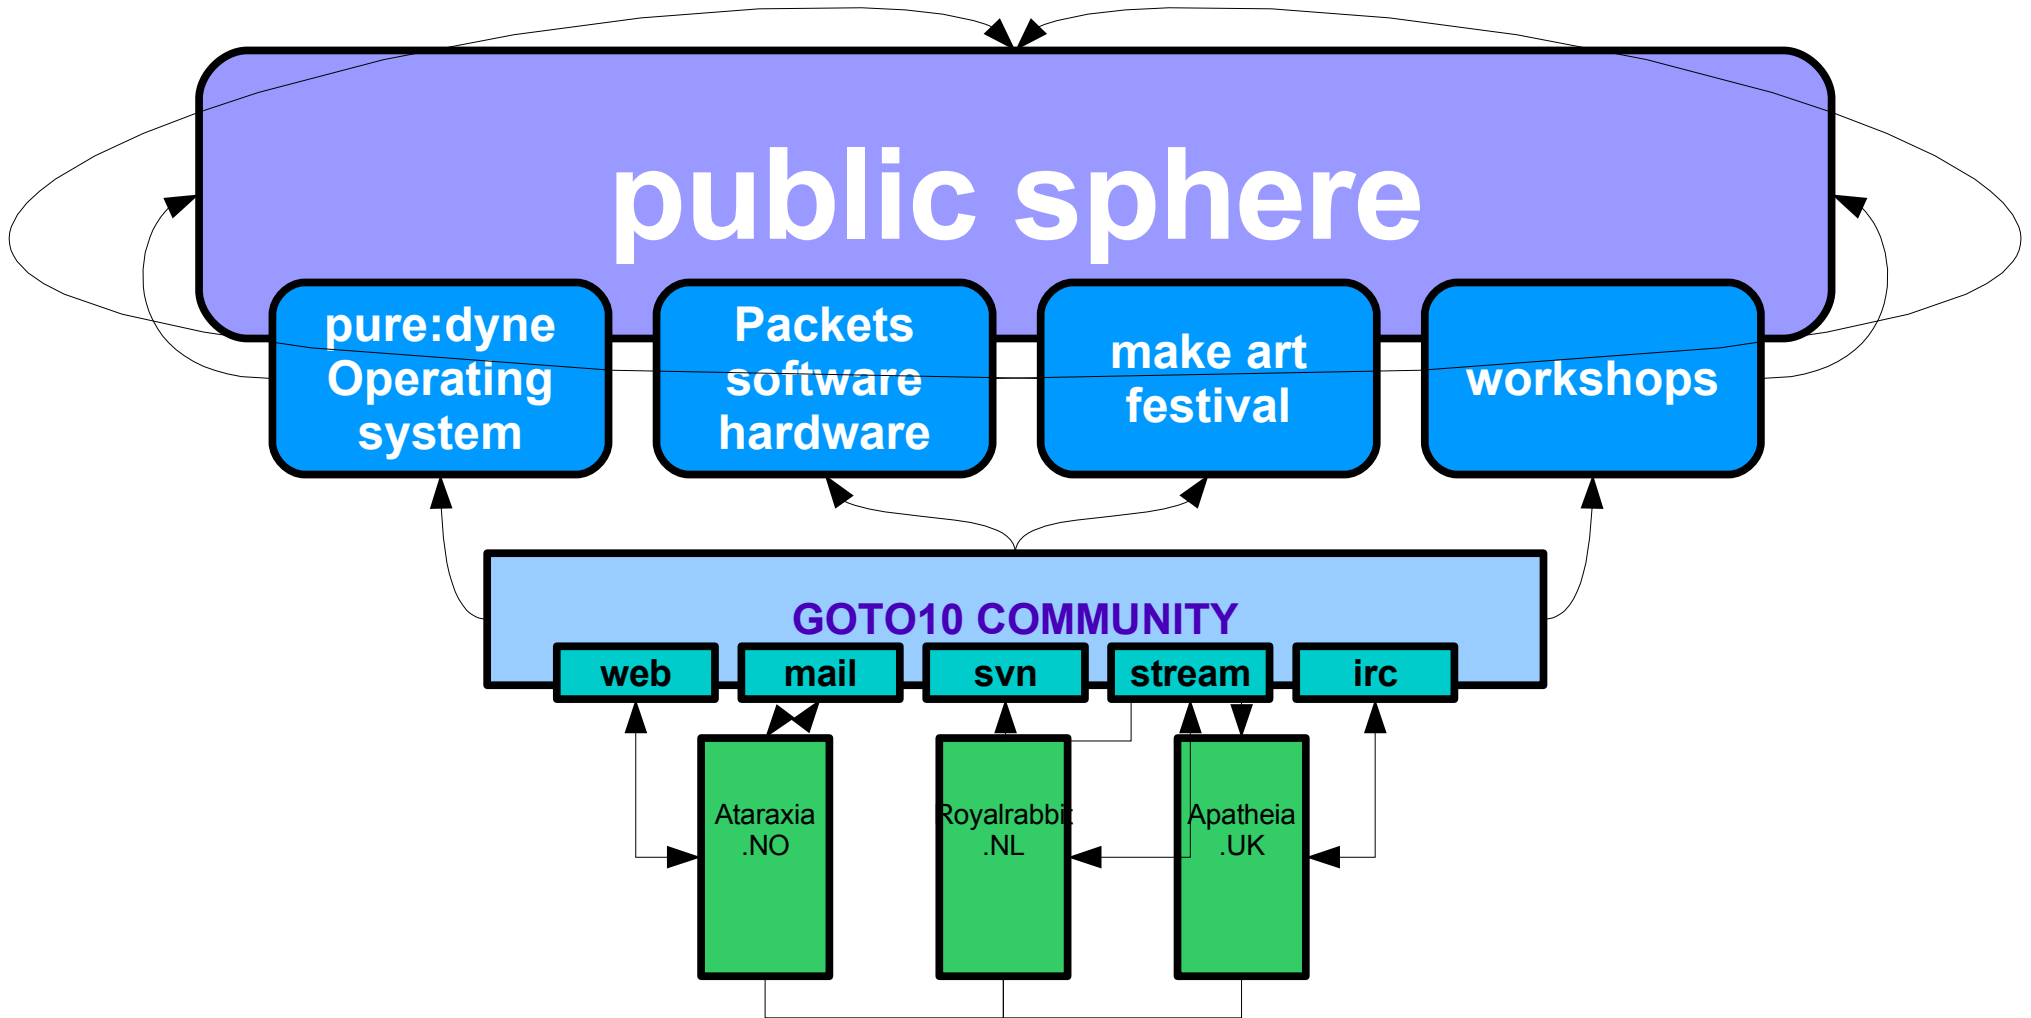

users

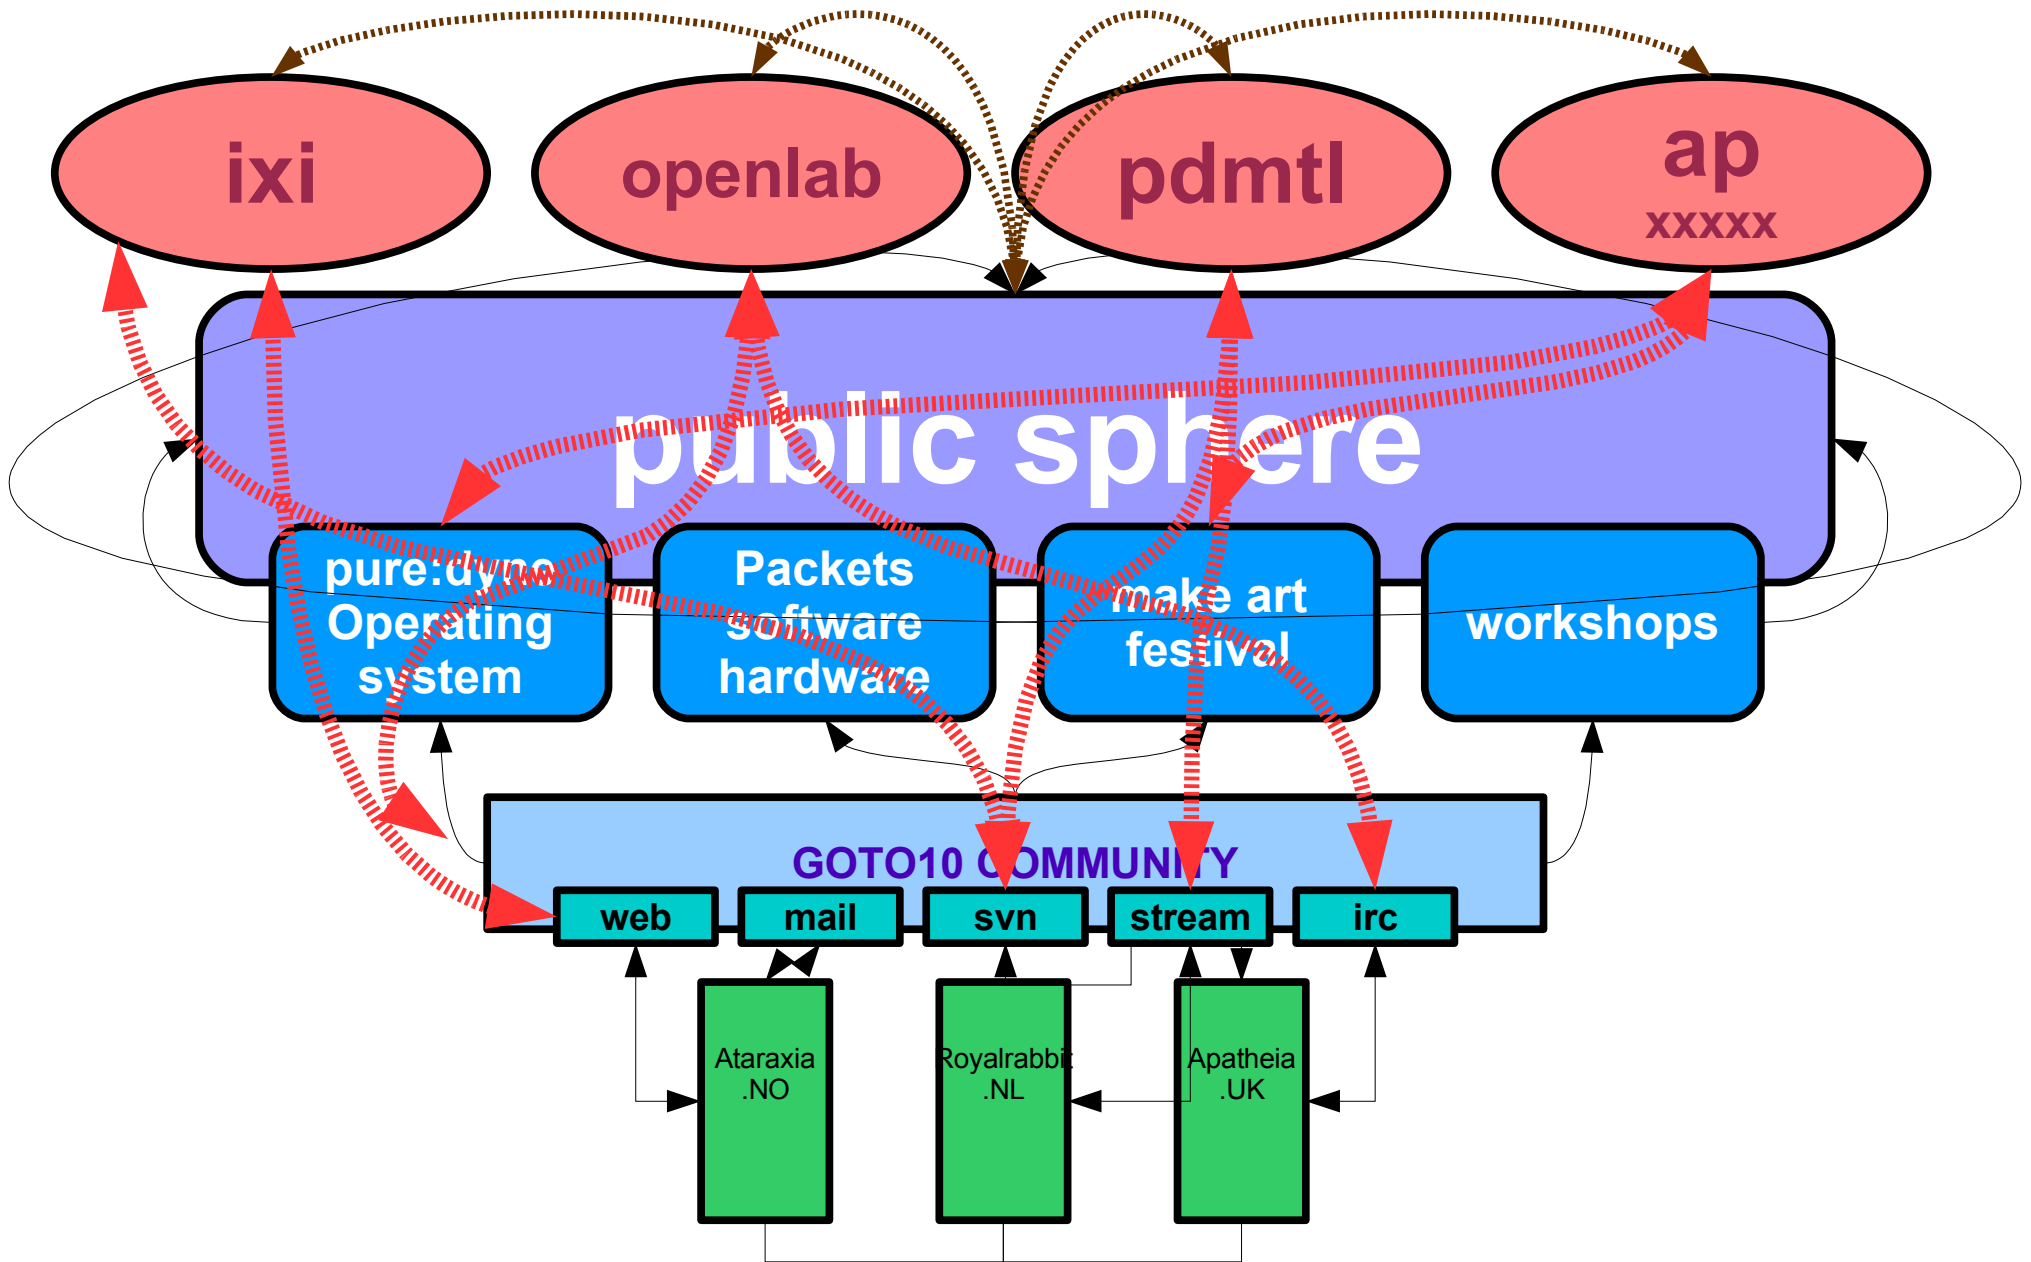

projects

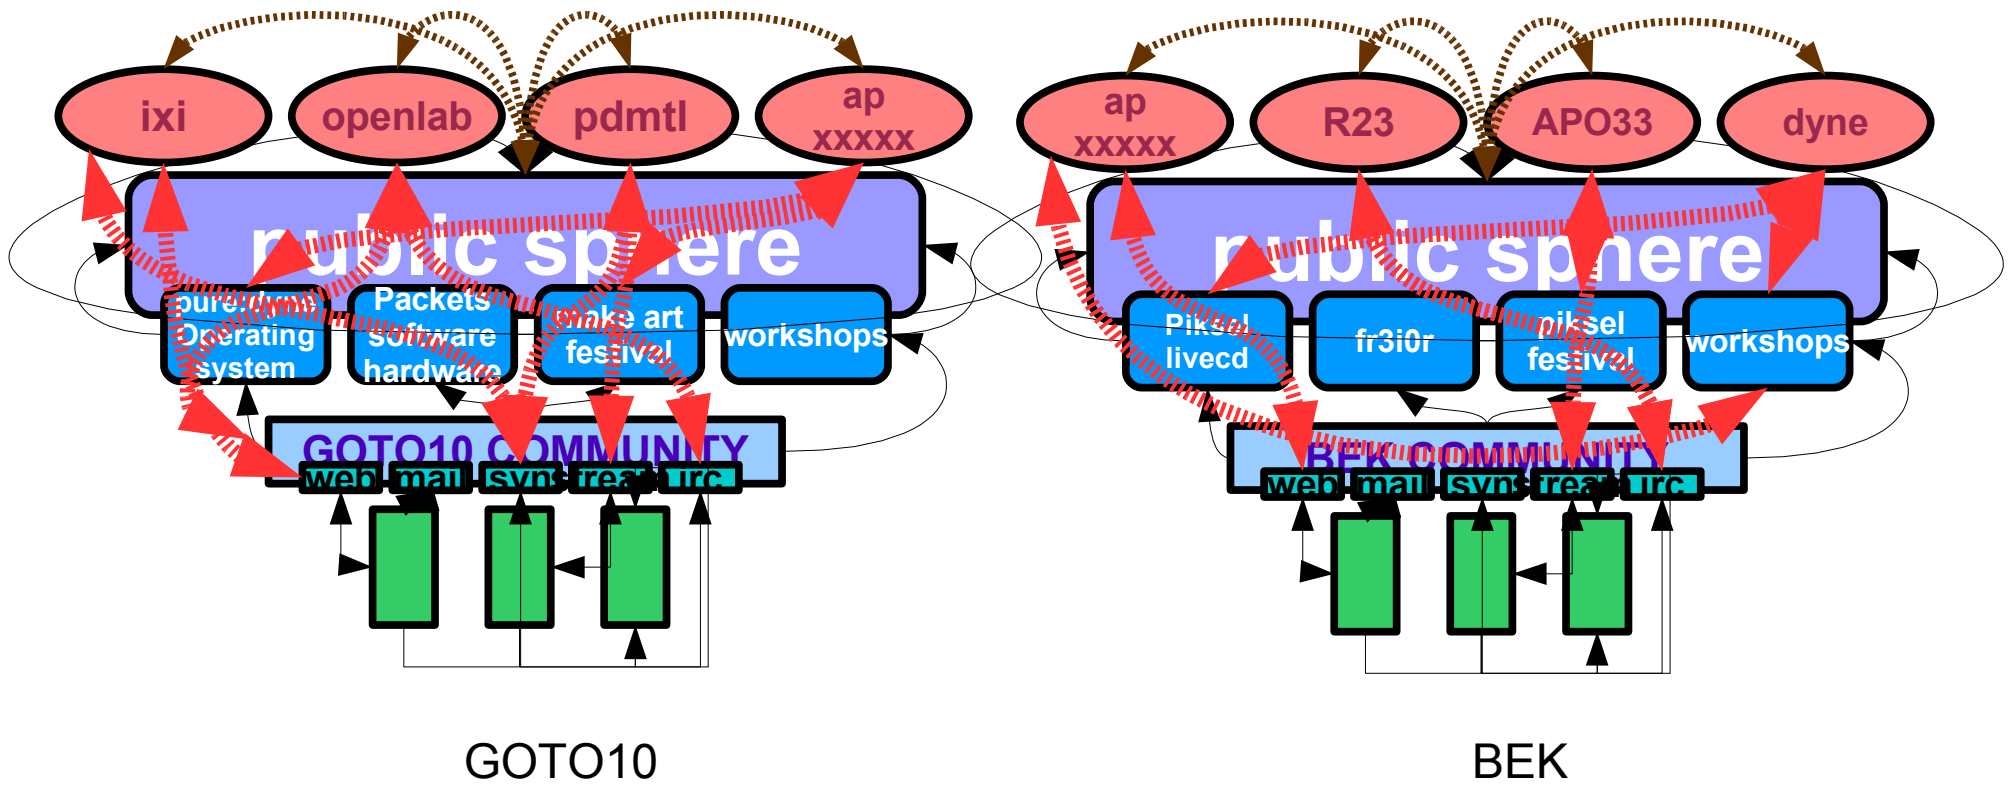

public

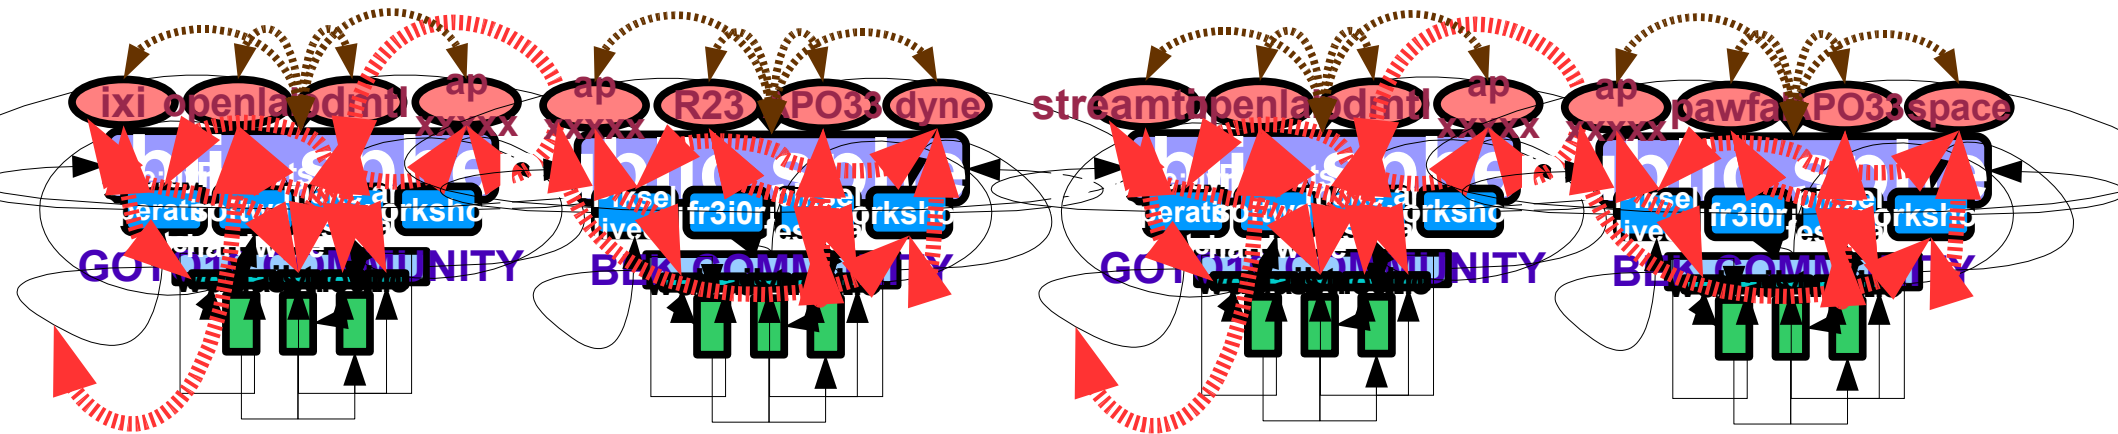

interconnections

neighbours

more neighbours...

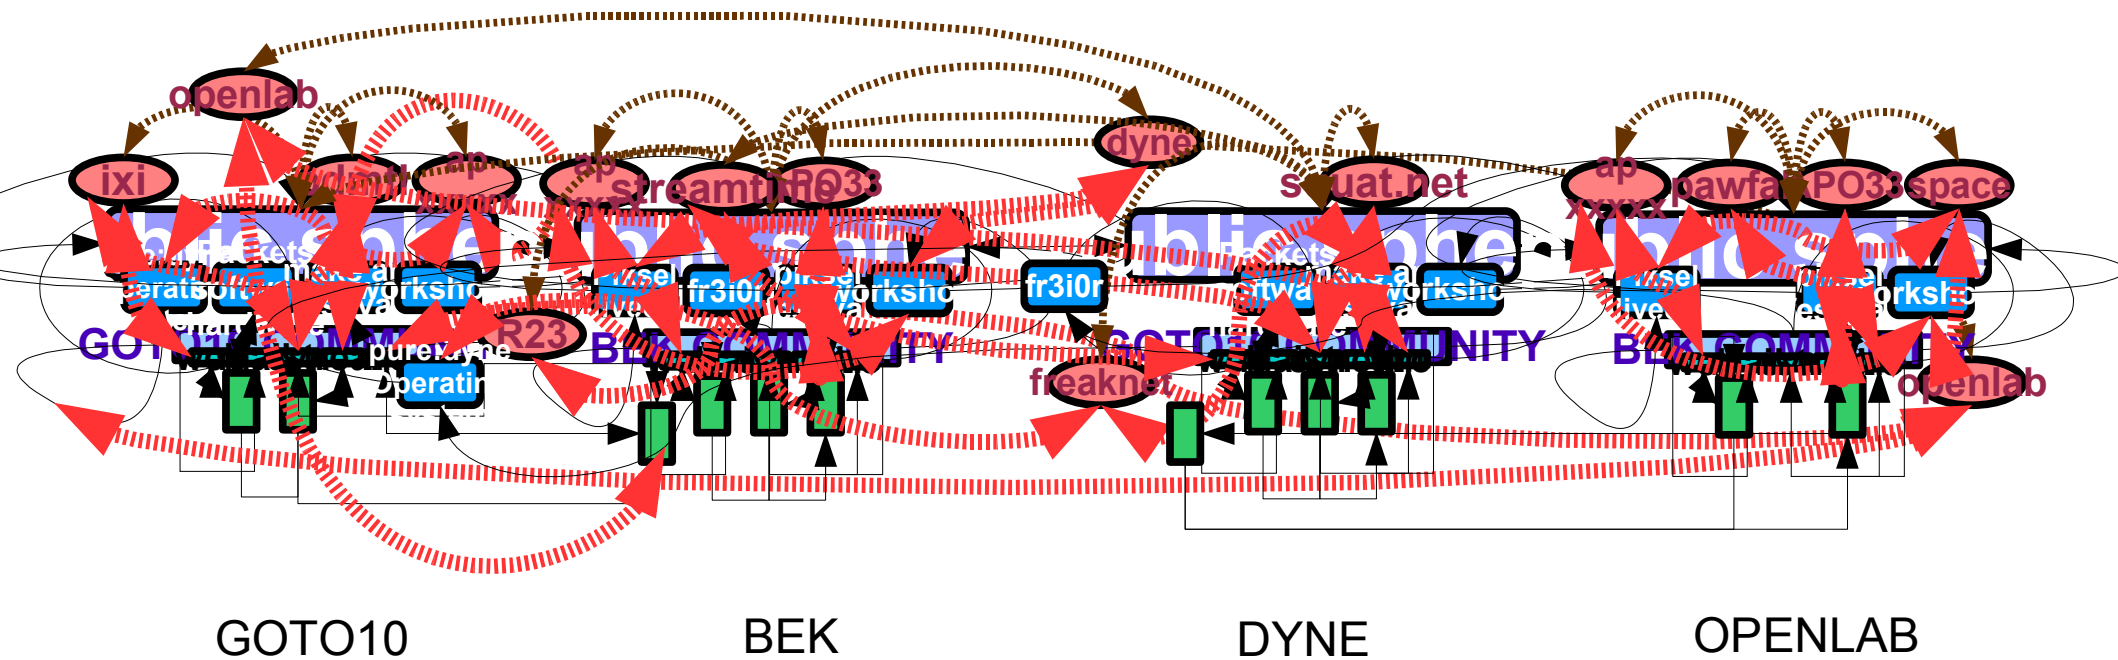

GOTO10

BEK

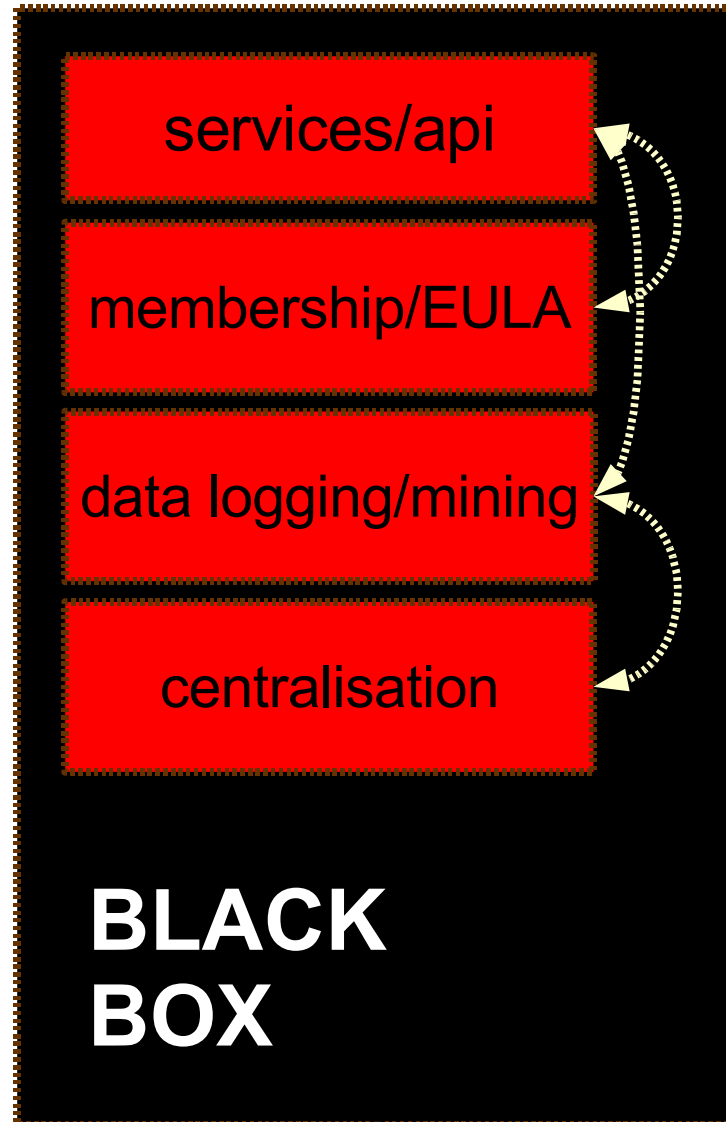

DYNE

OPENLAB

subnet and shared code

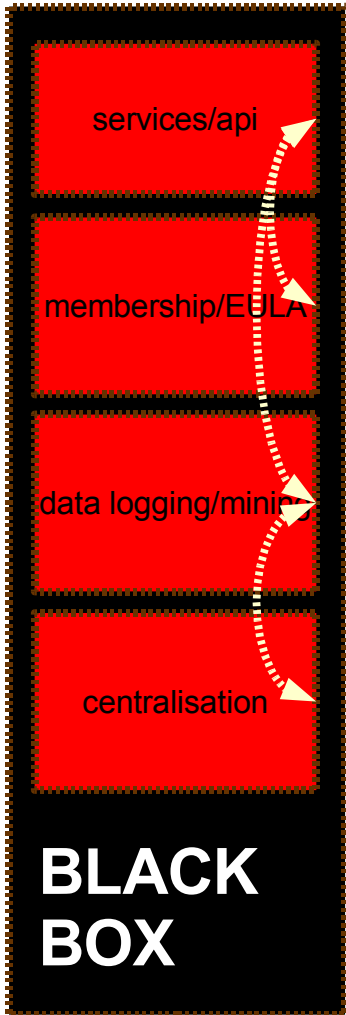

but...

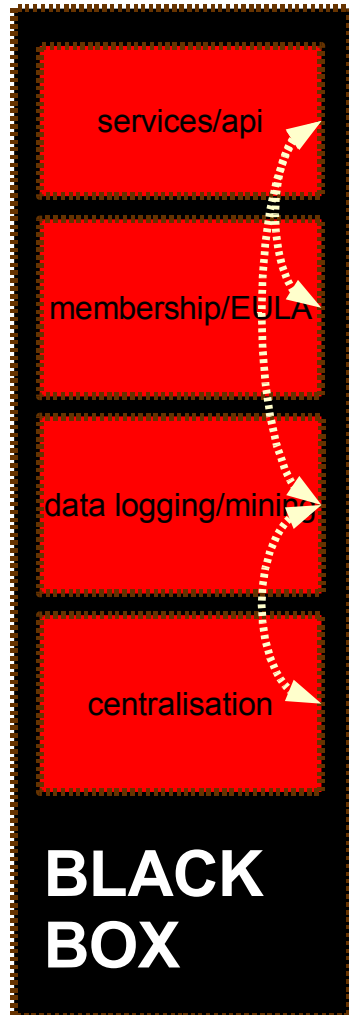

social networks ?

(hahaha...)

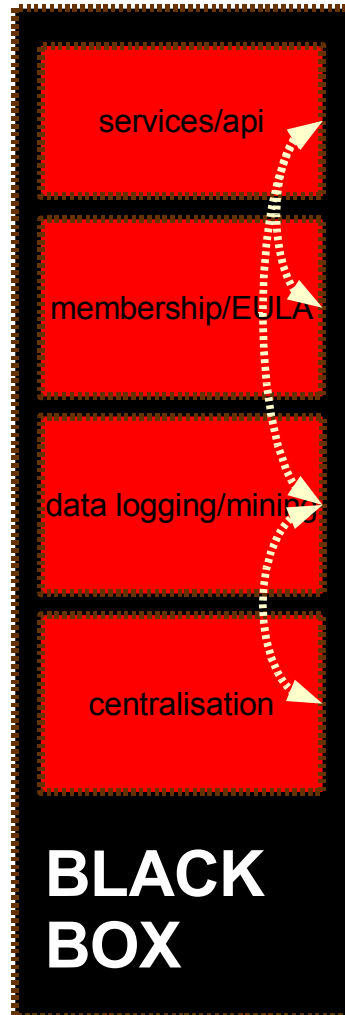

yahoo

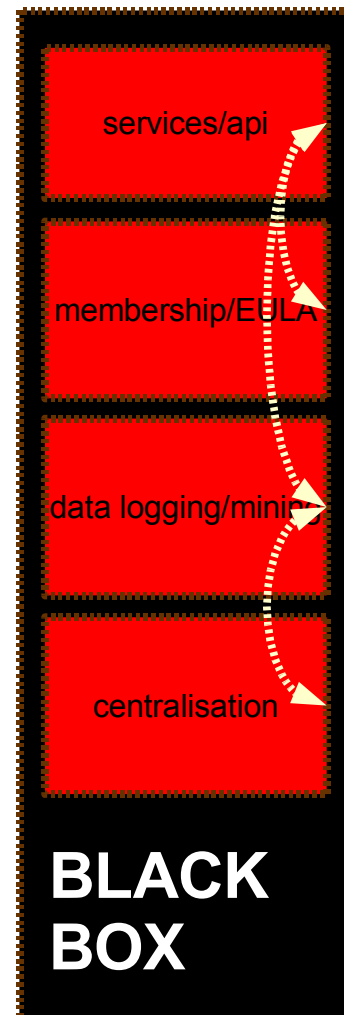

msn

google

youtube

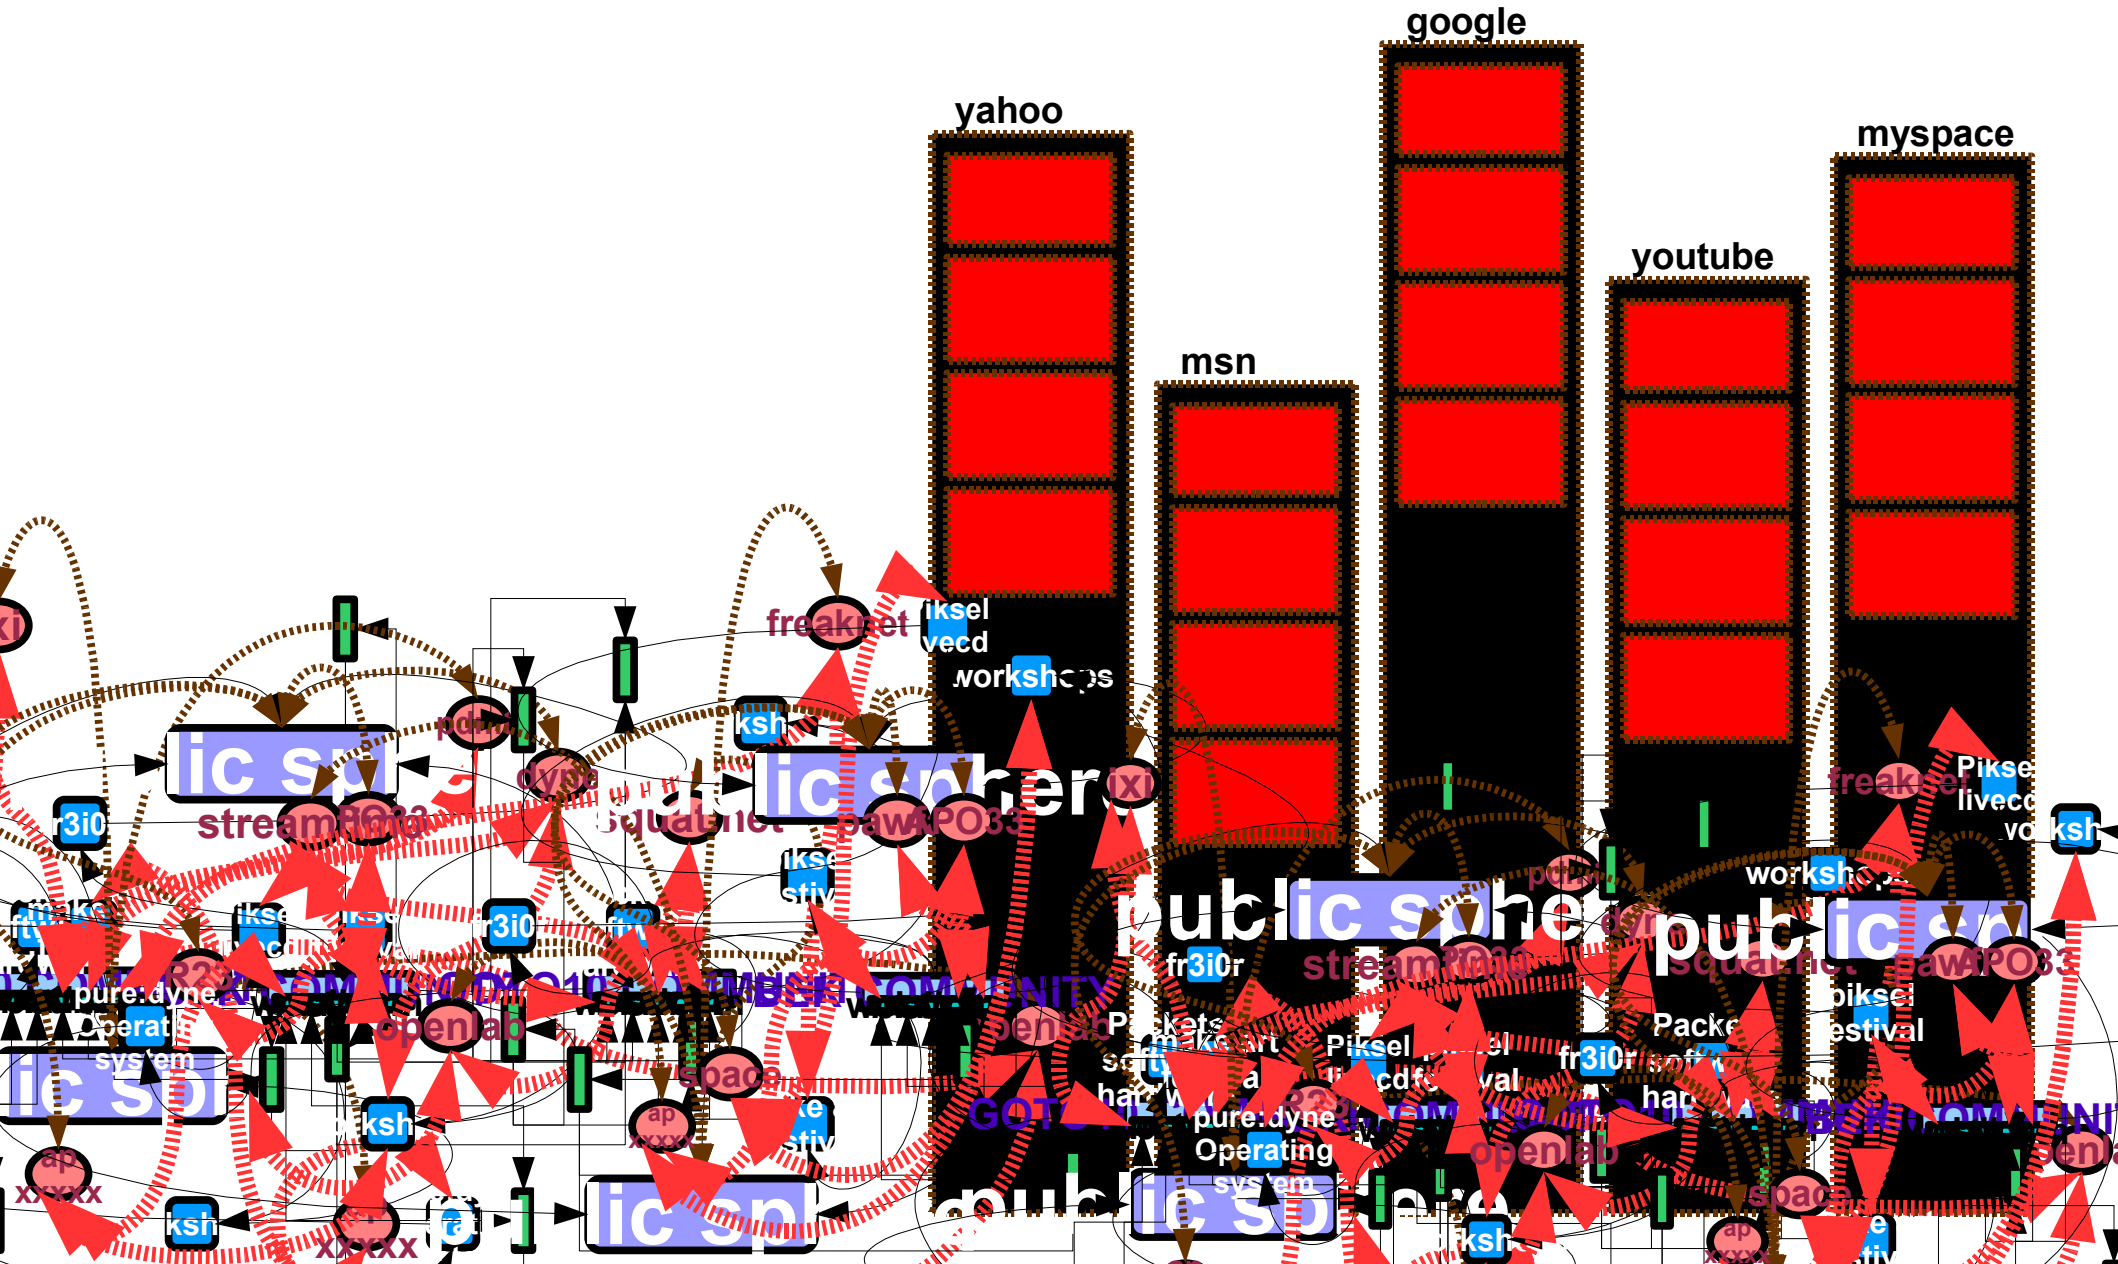

myspace

etc.....

Where do you live ?

Have a nice day :)
